OUR CURRENT MEDICAL NETWORK & PARTNERSHIPS

THUKHA MEDICAL CENTER

Founded in 1992, Thukha Medical Center has been a trusted name in Myanmar's healthcare sector for over 30 years. What began as a general practitioner clinic has grown into a multi-specialty medical center, offering a comprehensive range of services, including specialist consultations, advanced diagnostics (X-ray, ultrasound, laboratory tests, ECG), physiotherapy, cardiac rehabilitation (ECP therapy), women's health services, telemedicine, and pharmacy.

With a strong commitment to patient-centered care and continuous medical innovation, Thukha Medical Center collaborates with leading international medical institutions, including Klinik Ebrahim and Academy CMT (Malaysia), to provide cutting-edge treatments and global healthcare access for Myanmar patients.

INTERNATIONAL PARTNERSHIPS & COLLABORATIONS

Thukha Medical Center is proud to collaborate with renowned medical institutions in Malaysia to enhance patient care, medical training, and specialized treatments:

- **Klinik Ebrahim (Malaysia)** – A leader in integrative medicine, offering ECP therapy, Hyperbaric Oxygen Therapy, and advanced chronic disease management solutions.
- **Academy CMT (Malaysia)** – A premier medical training institution specializing in clinical education, certification programs, and healthcare innovation.

WHY PARTNER WITH CROSS CARE?

A Reliable Partner with Strong Medical Background

In-Depth Understanding of Myanmar Patients' Needs:

We know the common medical conditions, financial limitations, and cultural barriers that Myanmar patients face when seeking care abroad.

Seamless Coordination for Hospitals & Patients:

We provide comprehensive medical records, translation, travel arrangements, and financial planning to ensure a smooth hospital experience.

Ethical & Transparent Referrals:

We prioritize patient well-being and ensure that referrals are based on medical necessity, not financial incentives.

Backed by Thukha Medical Center:

Our referrals are supported by Thukha Medical Center, a well-established healthcare provider in Myanmar with over 30 years of experience in primary care, specialist services, diagnostic imaging, rehabilitation, and telehealth.

SERVICES OFFERED

Pre-Treatment Services

- **Medical Consultation & Case Evaluation**
 - We assess the patient's condition and provide expert guidance on available treatment options.
- **Second Opinion Services**
 - Access to multiple specialists to ensure the best treatment approach.
- **Hospital & Doctor Matching**
 - Identifying the most suitable hospital based on medical needs, budget, and patient preferences.
- **Cost Estimation & Financial Planning**
 - Providing a detailed cost breakdown to help patients prepare for expenses.
- **Visa & Travel Arrangements**
 - Assistance with medical visas, transportation, and accommodation.
- **Medical Record Preparation & Translation**
 - Ensuring accurate and complete documentation before travel.

SERVICES OFFERED

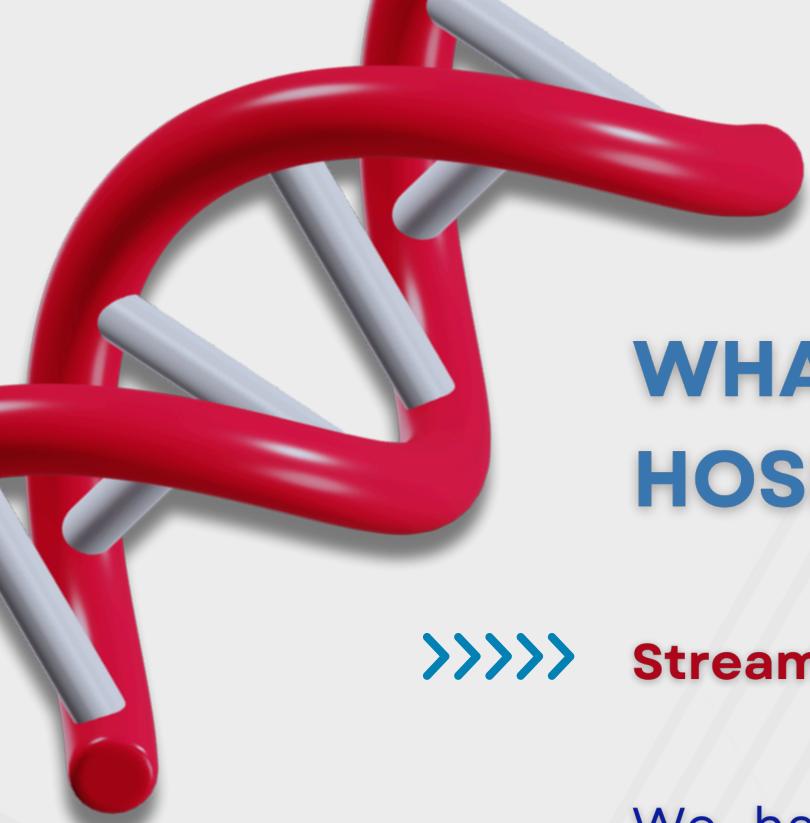

During Treatment Support

- **Appointment Scheduling & Hospital Coordination**
 - Handling all logistics to ensure a smooth patient experience.
- **Interpreter & Language Assistance**
 - Ensuring effective communication between patients and doctors.
- **In-Hospital Patient Support**
 - Helping with admission, discharge, and patient advocacy.

Post-Treatment & Follow-Up Services

- **Medical Reports & Prescription Management**
 - Ensuring patients receive clear post-treatment instructions.
- **Telemedicine & Follow-Up Appointments**
 - Arranging virtual follow-ups with specialists.
- **Rehabilitation & Recovery Support**
 - Coordination with local healthcare providers for continued care.
